 - Finally, send the quiz link and view the response summary.

Practical 9:-

Google Form Quiz with Timer

Aim:-

To create a quiz with automatic grading and a time limit.

Objectives:-

- To automate quiz assessment
- To use time limit add-on

Materials Required:-

- Google Forms
- Timer add-on

Procedure:-

1. Create a Google Form by opening Google Forms and starting a new blank form to design the structure of the quiz.
2. Convert the form into a quiz by enabling the “Make this a quiz” option in the settings so that marks and correct answers can be assigned.

3. Add questions to the quiz by inserting five multiple-choice questions and one short-answer question. Customize the options and points as required.
4. Enable the response limit by turning on the “Limit to 1 response” option so that each user can submit the form only once.
5. Activate the shuffle option to randomize the order of questions for every respondent.
6. Install a timer add-on from the Add-ons menu to set and control the quiz duration.
7. Share the quiz by using the “Send” button and generate the form link to distribute it to participants.
